

# COME HELP MAKE AN ONLINE TOOL FOR YOUTH!

Come join us for a free one-day workshop! Your input will assist with the development of an online tool that will make social services information more accessible for youth.

**This interactive workshop** will seek to understand the barriers youth (particularly from Maori Pacific and Ethnic backgrounds ) face in using social services and will seek their help in finding solutions to these barriers. The workshop will be divided into two parts:

**Part one:** A fun activity which will identify the positives and negatives of living in your region, and the current social services available to you.

**Part two:** An interactive group session brainstorming solutions for the online resource.

**SO ARE YOU**  
Aged between 14 and 25 and advocating and supporting young people facing challenges including welfare, behavioural, social and protection issues?  
or  
A youth who works regularly with young people offering practical and emotional support?  
or  
A problem solver and team player who is trying to address the issues young people face?  
**IF YES – WE WANT YOU!**
